Here is the complete list. We were struggling trying to answer your question about the 205 fund until we realized that this fund was transferred years ago to the Construction Industries Board and we think it has to do with plumber's licenses. In any event, OSDH no longer has any control over the 205 fund and you should check with the Construction Industries Board about that particular fund. I hope the rest of your questions are answered by the attached spreadsheet.

Ok, working on schedule for performance reviews for the House...do you need an hour or will half an hour work?

Stacy,

We are working on a complete list of all revolving funds and should have it completed in a short time. To answer some of your questions regarding the 211 fund, I think you can find the answer you are needing in Title 63, Section 1-1908.1. Regarding the 204 fund, please reference Title 63, Section 1-105d. We will send you the completed list as soon as it is ready with all the citations and additional information you are requesting.

Subject: Revolving Fund Questions

Hey Mark,

As I've mentioned, we are putting together a revolving fund "bible" if you will – a complete list of agency revolving funds and details...

I can't seem to find anything on the following Department of Health funds: 204, 205 and need more info on 211 (amount of fees).

Specifically – where is it statute (this may solve most of my questions), what money goes into the fund, what is it spent on.

Thanks!
